	Description	Compatibility between accessories and new generations
	Service Bulletin-No.	2023-06-SH
	Date	22 nd September 2023
	Pages	1

Subject: The new generation (G2) of styling appliance accessories has incompatibilities with the previous generation (G1). The production code does not distinguish between the two generations because they are partially produced in parallel.

Please refer to the table below for an explanation of the differences and compatibilities.
